Speeches at Reception : R2 500.00

Additional Disks : R150.00 each

### **Bride before ceremony.**

Recommended time: 1-2 hours

Please do not plan on being ready before I get to you. I prefer to photograph the Actual events.

### **Decor.**

Recommended time: 30 minutes

I always try to get this done before anything else (preferred), but sometimes it's not possible and I have to do it either before your couple shoot, or even during the actual reception (not recommended).

### **Family photographs.**

Recommended time: 15-30 minutes

Please provide me with a list of groups that you would like to be photographed. I recommend a maximum of 10 -13 groups wherever possible, and direct family only. Should you want extended family included, try to group these together into larger groups. Usually these are best done straight after the ceremony as everyone is present and they are easily rounded up for the photo session and then set free to enjoy the rest of the wedding celebration.

### **Couple session.**

Recommended time: 45-60 minutes

This will take place either at the venue, or at another venue of your choice. Please allow for travel time should you want to do have your couple photographs taken off site.

### **Reception.**

The coverage of the reception is largely dependant on your package and the number of hours included. However, extra hours can be requested on the wedding evening should you need me to stay on for an extra hour or two. I do have the right to decline this request however, due to travel arrangements. If you think you might need me to stay longer on the evening, please indicate this on the booking form.
